

## Shoney's puts off plans

By Dave Gosnell  
Staff writer

GRANITE CITY — Shoney's Restaurants Inc. has postponed its plans to build a restaurant in the city indefinitely.

And city officials say Shoney's representatives may have intentionally withheld plans they had for the land where the restaurant was to be located.

City Economic Director Alan Ortals and Mayor Von Dee Cruse said they have now been informed by Shoney's representatives of Shoney's intention to sell a piece of property they intend to buy on Nameoki Road.

Shoney's has plans to sell part of the land to Jiffy Lube, a chain of car lubrication shops, according to an Aug. 12 letter from the company to Cruse.

Whether to allow a Shoney's on Nameoki Road became a

heated issue in recent months. After much opposition from nearby residents, the City Council allowed the proposed location to be rezoned from residential to commercial in order for the restaurant to be built.

The land the company plans to sell to Jiffy Lube was included in the rezoning.

Ortals said Shoney's did not mention selling part of the land when the council debated the issue or in previous discussions he had with the company.

"We found out this has been the plan from the very beginning. We're pretty upset with this Jiffy Lube deal," Ortals said.

Ortals said knowledge of plans to put a Jiffy Lube at the site in addition to a Shoney's might have changed the way the city dealt with the issue.

"A lot of thought was given to the impact of the restaurant. If we knew about Jiffy Lube, I don't know if we'd be coming up to the same conclusions," Cruse agreed.

"Had I known this, I don't know whether I would have supported this from the very beginning," Cruse said.

Ortals said he came to the conclusion last week that Shoney's had always intended to sell the land.

"One of the property owners (at the Shoney's site) told us they knew from the start Shoney's was going to sell part of this property," he said.

Efforts to reach a Shoney's representative on Friday were unsuccessful.

The closing date for the sale of the land to Shoney's is Aug.

## BAC faculty, trustees OK contract

By Bill Bagby  
Staff writer

BELLEVILLE — A two-year contract between Belleville Area College's full-time faculty and the college's Board of Trustees was ratified Friday, avoiding the possibility of a strike.

The contract freezes faculty wages at their present level. It's the fourth wage freeze in six years, said Leo Welch, faculty union president.

The teachers ratified the contract 82-13 Friday morning. Welch said. Trustees approved the contract at a special meeting Friday evening following a 22-minute executive session to discuss the proposal.

Some teachers weren't pleased with the wage freeze and may choose to retire, Welch said.

The faculty, he said, was

aware of BAC's financial problems. Last month, BAC trustees approved a budget for fiscal 1988 that is more than \$1 million in the red.

"I think this is a very generous concession on the part of the faculty to forego a wage increase for two years and I think the language changes are significant," Welch said. "We recognize the straits the institution now finds itself in and we're doing more than our share to help rectify it."

"I think this shows real good responsibility on the part of the faculty," Trustee Robert Dintelmman said. "They're to be commended, Leo."

BAC Chancellor Bruce Wissore said: "I think it represents a great deal of concern by the faculty."

There are several language changes in the new contract, but

they are not expected to cause any major expense to the college over the two years, said Kathy O'Dell, BAC's director of community relations.

The changes include: "Capping faculty member's contribution at the current level, \$41 per month, for a family plan under BAC's health insurance."

"Removing the cap on the lower tier of the two-tiered salary schedule, which will allow newer teachers to achieve the same ceiling as older faculty members."

"Guaranteeing the right of full-time faculty to 'bump' part-time instructors to minimum instructor requirements for various courses."

(See RATIFY, Page 6A)

## No additional local action from review of policemen

GRANITE CITY — Police Chief Robert Astorian has released the findings of his own internal investigation of allegations leveled against the Police Department and said no further disciplinary action is planned or justified against officers unless there are court findings of crimes.

"I lay these issues to rest," Astorian said in a prepared statement.

In a brief interview, he said, "I did my own investigation, allegation by allegation" of those charges presented earlier to the State's Attorney Office by Fourth Ward Alderman Dan Partney.

Astorian's report lists no officers by name. "I didn't want to mention names," Astorian explained, "because lawsuits hurt innocent people."

The chief said he conducted his probe "just to be certain nothing was whitewashed." The

state's attorney had not investigated matters not considered criminal, prompting the local review.

"Everybody was re-interviewed," Astorian said. "The results stay here," he said.

In matters where past problems were found, some officers had already been disciplined. "I cannot go back and re-discipline them."

"Everything is calming down and morale is climbing. The men are doing their work, and that's what I expect of them."

The chief said he checked everything but promotion test matters, which were studied by another agency.

"That's out of my hands," Astorian said.

Astorian's statement follows: "In response to allegations of misconduct given to State's

(See POLICE, Page 6A)

## Local schools ready to open

Quad City Area public and parochial schools are ready for the start of classes for the 1987-88 school year.

Most students will report for classes Tuesday, Aug. 25.

Granite City will start its fall term with a teacher workshop Monday, followed by half-day sessions for students at all schools Tuesday.

Granite City High School students will report Tuesday from 8 a.m. to 1 p.m., Coolidge Junior High School students from 8 a.m. to 12:30 p.m., and elementary school students from 8:30 a.m. to noon.

All-day sessions in Granite City will start on Wednesday, Aug. 26, with high school and Coolidge hours from 8 a.m. until 3:10 p.m., Grigsby from 8:20 a.m. to 3:35 p.m., and grade schools from 8:30 a.m. to 2:45 p.m.

In Madison, opening day will be Monday with a workshop for

teachers. Superintendent Daniel Kostencki will speak on the district's goals for the school year.

On Tuesday, teachers will meet with the students in the morning. At 1 p.m. there will be another faculty meeting in the Middle School cafeteria.

Madison students are to report Tuesday at Madison High School from 8 to 11 a.m., Middle School from 8:30 to 11:30 a.m., and elementary schools from 8:40 a.m. until noon.

Full-day schedules will begin in Madison on Wednesday. Classes will be in session at the high school from 8 a.m. until 2:30 p.m., Middle School from 8:30 a.m. to 3 p.m., and elementary schools from 8:40 a.m. to 3:10 p.m.

On Wednesday, students at Louis Baer Elementary School will be dismissed at 1:30 p.m. so faculty and staff can attend an in-service workshop concerning epilepsy.

(See SCHOOL, Page 6A)

## Care unit for disabled proposed at Pontoon

By Valerie Evenden  
Staff writer

PONTOON BEACH — Day-to-day living services will be offered at a care facility for the developmentally disabled which is planned as part of the proposed Chouteau Trace I.

The Chouteau Trace development is on the west side of Illinois 111, south of Interstate 270. No facility currently exists in the immediate area offering care for the developmentally disabled and there is a need for the service, according to Stan Lucas, Chouteau Trace developer.

Projected cost of the care facility is \$358,000.

Also proposed for Chouteau Trace I, a large-scale development on a 68-acre tract of land, are a shopping center, a bank and residential property.

The 15-bed supervised care

unit would offer living services in a "home environment" to persons who are considered developmentally disabled but are not mentally handicapped, Lucas said.

No objections to the proposed construction were voiced at an Aug. 4 public hearing held at the Pontoon Beach Senior Citizens Center.

A public hearing was necessary when the state was asked to approve a change of the original construction site from 4 Duplex Court in Collinsville to Pontoon Beach.

Some opposition to the facility being built came from persons living in a residential neighborhood near the proposed Collinsville location and was among the reasons for changing the site plans, Lucas said.

State and city approval for

## Mother gives son life second time

By Bill Bagby  
Staff writer

GRANITE CITY — Joyce Warren has given her son life for the second time.

On June 23, her son, Jerry Warren, received one of his mother's kidneys during a transplant operation at Barnes Hospital in St. Louis. The surgery lasted between five and six hours, he said.

### Sunday focus

Jerry, 33, has had a kidney disease since 1967, he said. In March, his kidneys failed and he had to go onto a dialysis machine at Jewish Hospital, Jerry said.

In January, Joyce, her daughter Jo Ann, and her other son Jim were tested to see if their kidneys would match Jerry's, Joyce said. Joyce's and Jo Ann's

kidneys were both half compatible with Jerry's. Jim's was totally incompatible.

Though doctors prefer a full match, Joyce said, Jerry's doctors were confident the surgery would work.

"I just knew it had to be me," Joyce said. "It's just something I had to do."

Jerry's doctor told him that the new kidney began working as soon as it was implanted, Jerry said.

"It's a miracle," Joyce said. Following the surgery, Jerry returned home in six days and Joyce in five days, they said.

Recipients usually stay four to six weeks in the hospital after such a transplant, Jerry said.

Jerry said the biggest problem he faces is the cost of the medication.

The loss of one of her kidneys hasn't resulted in any big changes for Joyce, she said. She's on no restricted diet and she continues her role as owner and operator of a beauty shop.

"I haven't felt this good for probably 10 years."

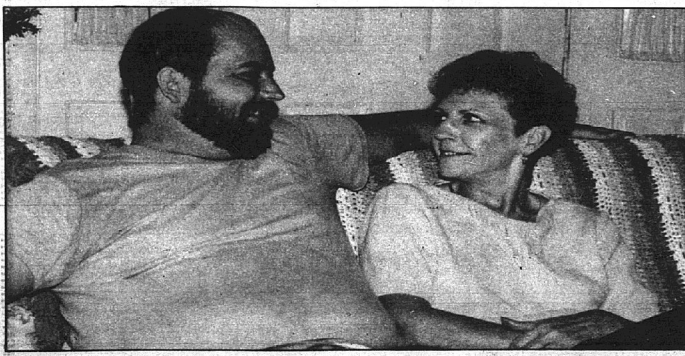

Jerry Warren

She can't play contact sports, but, she said, she didn't play before the transplant. She also has to be careful not to get punctured if she's involved in an auto accident, she said.

Joyce said she doesn't worry. "I've had 56 years with no punctures," she said.

Jerry said he expects to return to work as a truck driver Aug. 31.

"I haven't felt this good for probably 10 years," Jerry said. "She gave me life for the second time."

A SECOND CHANCE: Jerry Warren, left, received a kidney from his mother Joyce, right, during transplant surgery June 23.

Monday, August 20, 1962  
Quad Citizens sweltered in 105-degree heat yesterday. Wilson Park pool reported 966 swimmers and 650 children in the Paddler pool yesterday. More is expected today. The temperature was the highest recorded in eight years.

### Senior Health Fair Oct. 10

St. Elizabeth Medical Center will sponsor a Senior Health Fair for persons 50 and older on Saturday, Oct. 10, from 8 a.m.-1 p.m.

The fair will be held in the Going Strong Wellness Center, 22nd and Iowa streets, across from the medical center.

Informational booths, health assessments, educational programs, counseling activities and displays of health care equipment are planned by various SEMC departments. The fair is being held, according to Marti Hogan, SEMC vice president of Nursing Service, "to provide senior citizens with health care information and to acquaint them with the available resources and services at St. Elizabeth's."

Health assessments, testing for blood pressure, cholesterol, and blood sugar determination. Informational and counseling sessions relating to nutrition, medications, safety, back care, arthritis and mammography will also be available.

A fully-equipped ambulance will be on display and tours will be conducted by Emergency Room personnel.

In addition to brochures and other informational handouts, fair participants can receive the results of all completed assessments and testing as they leave.

### Higher revenues, expenses projected in port budget

By Bill Bagby  
Staff writer

**GRANITE CITY** — Higher revenues and expenses are projected in the fiscal 1988 budget for the Tri-City Regional Port District.

The port's Board of Commissioners approved the budget Aug. 11.

Revenues for the fiscal year are estimated at \$12 million, a \$300,000 increase from the previous year, said Bob Wydra, port general manager.

Jerry Lavelle, port district engineer, said the higher revenues are because of increases in rental fees of port district facilities. The increases are due to the construction of new facilities at the port, he said.

Besides rental fees received for port facilities and land, the district also receives income from charges for cargo that goes across the docks, Lavelle said.

Expenditures for the fiscal year are projected at approximately \$938,000, Lavelle said. That's about an \$80,000 increase in expenditures over last fiscal year, Wydra said.

Of the \$938,000, Lavelle said, \$385,000 is included for depreciation of port property. He said \$553,000 is budgeted for actual expenditures.

Expenditures included are rental fees the port has to pay for land owned by the Army Corps of Engineers, utilities, road and railroad repair and replacement, salaries, contractual services (legal, engineering and janitorial), insurance, adver-

tisement, and maintenance costs of port facilities, Lavelle said. Salaries, insurance and rental fees are the major expenditures, he said.

Over the year, Lavelle said, depreciation costs have increased \$21,000. Expenditures for salaries have gone up \$11,000 and costs for contractual services have increased \$40,000, he said.

The board has set a public hearing for 4 p.m. Aug. 31 for public comment on the issuance of up to \$3 million in revenue bonds to pay for the completion of several projects at the port.

The projects include the construction of truck and railroad receiving pits, paving of Levee Road, the construction of new railroad tracks at the terminal and harbor complex, the material handling facility near the Chain of Rocks Canal, and the construction of two dry bulk product storage domes on the existing Bulk Service Corp. pad.

The hearing will be held at the port office, 2801 Rock Road. The port district operates a railroad terminal that handles all products that move by river transportation.

The port handles more than 3 million tons of products annually, loads or unloads 2,000 barges, 35,000 railroad cars, and 15,000 trucks. In addition to moving such commodities as fuels, fertilizers and general cargo, the port serves as a major transfer point for the movement of midwestern grain and grain by-products and the import movements of metal ores.

### Letters

### Clinton plant needed, rates reasonable — IP

To the editor:

The following is in response to the editorial which appeared in the Press-Record on Aug. 15, 1987. The editorial essentially attacks Illinois Power Company for:

- 1) Paying a dividend to its stockholders and the company's timing in paying the dividend.
- 2) The Company's plan to levelize the summer-winter rate differential for residential customers.
- 3) The 19 percent increase in electric rates which was granted in a 1985 rate order and became effective with our 1987 summer rates.

Allow me to set the record straight. First, our stockholders have not been immune to the construction of our Clinton nuclear plant.

In fact, our stock and bond holders have been footing the entire bill for construction of the Clinton Power Station and they rightfully expect a return on their investment.

Not one cent of our customers' money has been spent for labor and material to build Clinton. Our customers have been asked only to pay the interest charges on the money borrowed for the plant's construction.

Furthermore, our dividends are paid quarterly and must be continued on a quarterly basis to maintain the price stability of our common stock.

Many people have invested in utility stocks over the years despite relatively lower dividends resulting from the perception that these investments were "safe investments."

But with the dramatic changes in the utility industry over the past 10 years, utility investments aren't considered "lower-risk" as in the past. Over the past 20 years, Illinois Power Co. dividends on common stock increased 65 percent — that averages 3.25 percent per year. During the same period, our stock price has fallen from \$42 to an average of \$26 per share.

For our stockholders who bought stock 20 years ago, this means that they have seen a 38 percent loss on their investment.

The difference between summer and winter rates is not related to, or caused by, our Clinton Plant. The increase experienced this summer is the result of a concept begun in 1977. That is the idea of customers paying higher rates when the cost of generating electricity is highest. It costs more to produce electricity in the summer because that is when customers use the most.

This results in the need to run older, less efficient plants and the eventual need to construct new plants.

Conceptually, it makes sense to charge more during the summer but we opposed the higher differential adopted by the Illinois Commerce Commission in 1985.

The outcry from our customers, substantiated what we already anticipated — the differential was too high even

though it was not appreciably different from our neighboring utility companies, Union Electric Co. and Central Illinois Public Service Co.

Finally, let me address the level of our rates. The increase of 19 percent that went into effect this summer was the first since 1983 — an average of 3.9 percent per year.

During the past 20 years our residential rates have increased 149 percent while the consumer price index increased more than 228 percent.

During this same time period the price of the Press-Record increased 329 percent (from 7 cents to 30 cents).

In 1967, our residential electric customers spent 1.6 percent of their income on electricity. In 1987, those same customers will probably spend 2.1 percent of their income on electricity even though our typical customers use their electricity at a whopping 68 percent.

It's no secret that recent increases have resulted, in part, from the interest on money borrowed to construct the Clinton Plant. You might ask is Clinton really necessary?

Illinois Power Co. has 18 generating units, 13 of which are 30 years old or older; the useful operating life of a unit is 40 years.

Without Clinton our total reserve at the end of 1986 was about 9 percent and rapidly shrinking due to increased summer usage.

During our summer peak, the loss of just one generating unit at our Baldwin Plant could result in power outages to some of our customers if we were unable to buy emergency power from another company.

But perhaps one of the most important reasons for Clinton is to provide an ample supply of competitively-priced electricity.

The standard of living we enjoy and the jobs we have and anticipate for our children and grandchildren depend upon having electricity available. If we hope to attract and keep jobs and employment in our area, this is absolutely essential.

Plants and businesses don't locate in areas where their electrical need cannot be provided at a reasonable price.

A recent survey by the United States Department of Energy reveals that of 176 utility companies in the United States, 140 have higher industrial rates than Illinois Power Co.

On the same page as the editorial, the Press-Record published its statement of purpose which reads: "We dedicate ourselves to the public, holding its welfare in highest regard and standing firmly in opposition to any who would oppose it."

It appears to me that the Press-Record either doesn't fully appreciate the ultimate consequences of what it proposes or it doesn't really understand the true meaning of its own statement of purpose.

L.R. DAINE  
Service area manager,  
Illinois Power Company

### Wolf would alter selection of ICC

"Although Illinois Power's request to rescind a controversial summer rate hike provides some immediate relief to utility customers, the approval of that increase in the first place indicates a serious problem with the Illinois Commerce Commission (ICC)," State Rep. Sam Wolf, D-Granite City, said last week.

"The ICC is an agency of the state," said Wolf. "It is charged with balancing the concerns of citizens with the economic needs of utility companies."

"Unfortunately, the ICC seems unable to fulfill this task."

"It took a vocal protest from Illinois Power customers and members of the General Assembly to force Commerce Commission members to consider the impact of their actions on utility customers. This shows me that we have a major problem with the commission which must be addressed," Wolf said.

"Even after the outcry, it was the utility company that responded, not the ICC."

"Ill. Power is now asking the ICC to rescind this summer rate hike. I urge the ICC to approve this request. However, it is important for utility customers to realize that this action, in the long run, will not save them any money. Under this plan, winter rates will increase to make the difference."

Wolf said he believes the only way to solve this problem is to change the method of selecting ICC members.

"Under the current appointment process, the ICC has consistently gotten away with neglecting the concerns of the public in favor of protecting utility profits," Wolf said. "The time has come to make ICC members more responsive to the public, through a new selection process."

### Jobs stable in this area

By David Rocks

P-R/J Washington bureau

**WASHINGTON** — Unemployment in the St. Louis bi-state metropolitan area remains unchanged from the rate of one year ago, the Bureau of Labor Statistics reported Tuesday.

June unemployment, not seasonally adjusted, stood at 7 percent of the civilian labor force in this area, while the national unemployment rate fell from 7.3 to 6.3 percent from June 1986 to June 1987.

Statewide, unemployment fell from 8.4 to 7.8 percent over the

past year in Illinois, and increased from 5.8 to 6 percent in Missouri.

At the same time, more people in both states were working. Employment in Illinois increased from 5,805,500 in June 1986 to 5,817,600 in June 1987. In Missouri, it increased from 2,553,900 to 2,601,700 during the same time.

Because unemployment data for states and metropolitan areas are not adjusted for seasonal fluctuations, comparisons can only be made with the statistics of one year earlier, and not month to month.

### Living arrangements affect SSI payment

People applying for or receiving supplemental security income (SSI) payments, or who live with someone who does, should be familiar with the effect living arrangements can have on their benefits, a spokesman said this week.

Because the arrangements can make a difference in a person's income, they may affect the amount of the payment that person can get.

SSI payments are made to people with little or no income and resources, who are 65 or over, blind, or disabled.

Over 4 million people are receiving SSI benefits nationwide. The basic federal payment is \$340 for eligible individuals and \$500 for eligible couples living together.

This payment may be reduced depending on the amount of income a person has. It is also supplemented by many states.

The general rule is that the monthly SSI payment of a person who lives in the household of another is reduced by one-third. The reduction is required because the room and board provided to the person getting SSI helps to meet his or her basic needs.

Exceptions are made in cases where the person is paying a fixed amount for room and

board or pays his or her share of total household expenses. In either of those situations, the SSI payment is not reduced.

Any change in living arrangements should be reported to the Social Security office immediately, since it can affect the payment a person is receiving, the spokesman said.

If a person moves out of the household of another, the monthly payment may go up. If he or she moves into the household of another while receiving payments, the payment may be reduced.

Failure to report immediately could lead to an overpayment or underpayment of benefits. Overpayments generally must be repaid; in most cases, this is accomplished by deductions from future checks.

However, if fraud or deliberate concealment of the facts occurs, a person may receive penalties ranging from a fine to a jail term.

People who have questions about how their living arrangement affects their SSI payments may call the East St. Louis Social Security office, 422-9430.

Callers may file an application for benefits, change their address, apply for a Social Security card, or schedule an in-office interview by appointment.

### Skijakkin'

**WALKING ON WATER:** David Kiner literally walked on water Aug. 15 when he donned a pair of Skijaks for a 22-mile stroll on the Mississippi River from Alton to the foot of the Gateway Arch. Kiner, of St. Louis, N.Y. was in town to publicize the KSHE/American Red Cross blood drive. Last month, Kiner set a record for walking on water with a 120-mile trek on the Hudson River from Albany, N.Y., to New York City. The air-tight pontoons called "foot canoes" — were designed to be a summer training tool for snow skiers. Skijaks only recently have become popular in Europe and will get their first widespread exposure in this country this year.

## Glad grad

**A HAND:** Howard Murray, right, of Madison High School, is congratulated by School of Engineering Assistant Professor Jacob Van Roekel in closing ceremonies for the Planning Ahead for Science and Engineering project. The first class of 54 minority and women high school students recently completed a six-week orientation at Southern Illinois University at Edwardsville, SIUE, Belleville Area College and State Community College are cooperating by offering a free future summer term to students who continue in the state-financed project when they complete high school.

## Menus

**Granite City Public Schools**  
Wednesday - Sloppy joe on bun, tator tots, corn, fruit cocktail.  
Thursday - Taco with cheese, lettuce and tomato, vegetable, fruit cup.  
Friday - Fish plate, macaroni and cheese, cole slaw, choice of fruit cup.  
**Madison Public Schools**  
Wednesday - Cheeseburger on bun, french fries, fruit cup.  
Thursday - Hot dog on bun, whipped potatoes, sauerkraut, jello.  
Friday - Tuna salad sandwich, macaroni with cheese, peas, peaches.  
**Venice Public Schools**  
Wednesday - Hotdog on bun, french fries, corn, peaches.  
Thursday - Beef ravioli, sweet peas, jello with fruit.  
Friday - Fish on bun, pickles and onions, tossed salad, fruit cocktail.  
**Sacred Heart/St. Joseph**  
Wednesday - Cheeseburger on

bun, potato chips, green beans, peanut butter sticks, chocolate pudding.  
Thursday - Hot dog on bun, french fries, baked beans, cheese chunks, peas.  
Friday - Nachos with cheese, peas, slaw, cupcake, orange jello.  
St. Margaret Mary  
No lunches served during the first week of school.  
St. Mary's, Madison  
No lunches served during the first week of school.  
**Senior Citizens**  
Monday - Salisbury steak, mashed potatoes with gravy, green beans, fresh fruit.  
Tuesday - Fried chicken, pasta salad, peas, peaches.  
Wednesday - Spaghetti with meat sauce, chef salad, french bread, pear slices.  
Thursday - Baked ham, corn on cob, jello, cookies.  
Friday - Catfish, baked potato, cole slaw, pineapple.

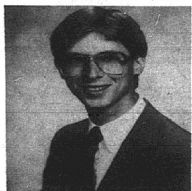

## Named to dean's list

Kari Lee Winters, 125 Riviera Drive, is one of 3,361 undergraduate students at Indiana University, Bloomington, who earned Dean's List status for the second semester, 1986-87 school year. To be named on the list, students must have a 3.5 or better grade-point average in a minimum of 12 hours of course work.  
Winters will be among those honored April 20 at the university's traditional Founders' Day Program. Her family will also be invited to the program, which will recognize both academic achievement of the undergraduates and faculty teaching excellence.

## Temporary parking plans announced for high school

GRANITE CITY - Temporary parking plans for Granite City High School were announced. They are:  
**REAR PARKING LOT** - Closed to all school related traffic. The lot will be used for construction traffic only.  
**GYMNASIUM PARKING LOT** - Parking for school personnel only. No student parking is allowed.  
**COOLIDGE JUNIOR HIGH SCHOOL LOT (rear half)** - Student parking by permit only. This includes cosmetology, co-op and special needs students.  
**GRAND AVENUE LOT** - No student parking; limited school personnel parking.  
**GRAND AVENUE CIRCLE** - No parking allowed. This area is designated for student drop-off and pick-up and must be kept open.  
**HILL AVENUE ENTRANCE TO GYM** - Parking lot is closed to all automobile traffic from 2:45 until 3:15 p.m. Gym parking lot exit lane is one-way exit only.  
Vehicles parked in unauthorized areas will be towed.  
The parking plan will be in effect until all construction work on the rear parking lot has been completed. The work should be done in about two weeks.

NEAL MILLER  
SENIOR V.P.

**Q. I am in the armed forces and I can usually count on moving about every three years. This has been the situation for the past seven years, and I'm probably until I retire. One of the things which does not follow me is my credit file, which I've established each place I've been stationed. Is there any way to reduce the waiting time to establish credit?**

**A.** Delays of this sort are not uncommon. One good way to speed the process of establishing credit is to contact the credit bureau in your new town before you move. Include your current address, birth date, Social Security number and your signature. Request that the new bureau obtain your records from the old bureau. There may be a small fee for this service. You may also ask your current credit bureau for a summary of your credit history which you can take to the new bureau. There may also be a fee here. Although this may be necessary in moves from one small town to another, a move from one large city to another should entail an automatic transfer of your credit record.

**What can parents do when teen needs help?**

What options are open to you if your adolescent needs help for chemical dependency?

Perhaps you have reason to suspect that your teen-ager requires treatment for drug or alcohol abuse. Who can you call? Where can you go?

The Metro East area offers several detoxification, rehabilitation and counseling centers for substance abusers. The first step toward help is to pick up the telephone and call a counseling center or support group.

The person at the other end of the telephone will usually make an appointment for you to speak

with a counselor, who can advise you.

Recovery from chemical dependency takes time, according to the counselors at the Daybreak Program at St. Elizabeth's Hospital in Belleville and the new Edgewood Program in Edwardsville.

But they are quick to point out that with continuing support, alcoholics and drug abusers and their families can return to healthy, rewarding lives.

Many abusers go directly into out-patient counseling or support groups.

However, others have developed a physiological addiction

that requires undergoing a "drying out" phase, called detoxification.

According to a spokesman at the Edgewood facility, "If we determine that in-patient treatment is desirable, we require three things:

"First, we ask that the adolescent recognize his need for treatment and assure us that he will cooperate within the program. Second, we require the family to give full support and involvement during the treatment process."

"Last, we insist that the adolescent and family agree to follow up the in-patient care with after care."

"If the adolescent refuses to cooperate," she continued, "we concentrate our counseling on the family members and get them to attend Al-Anon for themselves, to prepare them for living with an adolescent who may not change his behavior."

**Drying out**

According to the acute care supervisor there, as soon as the adolescent is admitted to the in-patient program, he or she goes through phase one, the detoxification stage.

"Since some withdrawal symptoms are life threatening, we use similarly structured chemicals to keep the patients medically safe in the initial 2-3 day detoxification period."

"If they have been using alcohol and marijuana, we may use Librium."

"If they have used cocaine, we find that Valium works better. But our goal is to keep them medically safe while they're here, before they go on to phase two," the supervisor said.

**Rehabilitation**

Once the patient is out of the detox unit, and after a doctor completes a history and physical, a lengthy psycho-social assessment is done.

This entails getting the adolescent to talk about what is going on in his life...at home, at school, and at work, if he has a job.

If he is assigned a counselor who educates him and builds up some rapport.

According to a counselor at Daybreak, "We naturally work on special concerns but the

majority of their day, now, is spent in group therapy. In addition to needing a counselor, they need to develop positive peer pressure."

An important project for the counselors is building up the adolescents' self-esteem and self-respect, and teaching them to cope with different frustrations.

Many didn't know how to deal with anger. It takes a great deal of time to learn that, the counselor says.

"Most of us grew up just knowing how to do it — it was modeled for us. So we do a lot of exercises for this — reading, practicing, modeling and role playing."

He agrees that the keys to dealing with young people in treatment are a lot of practice, an awareness that they do need a lot of positive feedback, and a great deal of education about drugs encountered on the street.

Also imperative, he adds, "...is drawing in the family which feels guilty and takes responsibility, and the kids, who feel guilty. We try to get them to push aside all that and move closer together. It is sometimes difficult, but it is a key piece in the process."

**Family involvement**

Families are asked at Daybreak to come in twice a week during the treatment process. If they agree, they are also permitted visitation rights.

Each family is additionally asked to enter treatment for a week (all day Sunday, and then five evenings through the week).

During this period they get much of the same type of information the teens get, and they do a lot of "feelings processing."

**After care**

The follow-up is as important as any other part of the process.

Once the adolescent is deemed well enough to return home, he or she requires the additional support of hospital after-care, AA or NA, or both, and any other support network in which he or she feels comfortable and can remain "clean."

## Understanding the causes of drug and alcohol abuse

While the causes of drug and alcohol abuse are many and varied, experts agree that — for most individuals — initial experimentation and eventual regular use typically develop during the adolescent years.

According to a hospital spokesman in this area, "One of the characteristics of adolescents is the need to conform...the need for acceptance."

"They're going to find themselves either connecting up with winners or losers," he adds. The vast majority of kids experiment first with their peers. It is the reaction of those peers that will usually determine whether the person is going to continue or not.

If the peers turn against you because you brought a bottle, more than likely you're either going to decide that it's not worth using or experimenting, or you're not going to stay with that group. Regardless, the pressure is there.

Factors that predispose one person to be more susceptible than another include:

\* What family are you born into? If there is a history of chemical abuse, you are in a high-risk category, because there is a genetic factor that exists with this illness.

Of course, every person is a

potential victim.

But if there is a family history of it, one is more susceptible.

\* If there is some real disagreement in the home about what is acceptable in terms of usage...if one parent is permissive while the other is strict about drinking...offspring are at a higher risk.

\* When the standards are different for men and women in the family, it's all right for men to get drunk but not for women...there is a higher risk.

\* Some parenting methods can put adolescents at greater risk; for example, growing up in a family where there is a lot of need for immediate gratification.

\* Young people with low self-esteem tend to be more predisposed, as do those who tend to be highly impulsive.

\* Those who have stored up a lot of anger and rebellion against parents or authority figures are at a higher risk.

\* Children who smoke cigarettes are more susceptible to chemical abuse.

Additional factors which promote use are low self-satisfaction, greater need for social approval, low social confidence, high anxiety, low assertiveness, and impatience to assume adult roles.

All of these are factors that predispose youngsters to develop the illness. However, no one thing will give the illness to someone. Obviously, "If I don't use, I can't get the illness."

Susceptibility is about equal in males and females, and local programs indicate an equivalent number of adolescents of both sexes obtaining treatment.

Nevertheless, among the adult population there is a far higher incidence of males seeking treatment, due to the difficulty of many adult women to own up to having a problem.

The spokesman feels that

many adolescents, even those in the intermediate stages, do not really understand the moral and physical consequences of substance abuse. "They simply have no idea what they are doing to their bodies with the use of chemicals."

## Daniels

George Eddie Daniels, 72, of 529 Salvator Ave., Venice, died Monday, Aug. 17, 1987, at 11:42 p.m. at St. Elizabeth Medical Center.

He was born in McCarty, Ark., and was an area resident for 42 years. Mr. Daniels was employed by the Illinois Terminal Railroad for 22 years before he retired.

He was a member of the Friendship Baptist Church and Jericho Lodge 102, both of Madison. Survivors include his wife, Mary Lee Daniels; one son, Harold Daniels of Cleveland, Ohio; two daughters, Gladys Jeffries, San Pablo, Calif., and Sallie Johnson of Fort Benning, Ga.; nine grandchildren; two great-grandchildren; and two sisters, Gertrude Neal of McCarty and Romilda Ford of Madison.

Funeral services were held Friday at 1 p.m. at the Friendship Baptist Church, with the Rev. L.C. Calmes officiating. Burial was at Sunset Gardens of Memory Cemetery, Millstadt. Officer Funeral Home, 1501 Wirtzley Ave., East St. Louis, was in charge of arrangements.

## Fendler

Frank W. Fendler, 72, of 714 Carl St., Collinsville, was pronounced dead at 8:40 a.m. Thursday, Aug. 20, 1987, at his home. He was taking a bath of trash outdoors when he was stricken in his yard.

Mr. Fendler was employed as a maintenance man for a chemical company in St. Louis for many years prior to retiring about a year ago. Survivors include his wife, Margaret Fendler; one daughter, Janet L. Moore of Collinsville; and two grandchildren.

Funeral services were held at 10:30 a.m. Saturday at Fendler Undertaking Co., 7420 Michigan Ave., St. Louis, with burial at Parklawn Cemetery, Lemay, Mo. Local arrangements were by Werner Chapel for Funerals, 3339 Lake Drive, Pontoon Beach.

Christine Goodman  
**Goodman**

Christine M. (Mattingly) Goodman, 85, of St. Louis County, a former longtime resident of Granite City, died at 1:24 p.m. Thursday, Aug. 20, 1987, at St. Luke's West Hospital in St. Louis County. She was hospitalized for one day.

Born in Little Rock, Ark., Mrs. Goodman lived here from 1923 until she moved to the present address in 1976.

Mrs. Goodman was a former school teacher and former member of the Farm Bureau of Collinsville.

She was a member of the First Baptist Church, Granite City, where she also taught a Sunday School class for many years.

Her husband, Ezra Goodman, died July 7, 1984. Survivors include one son, Robert Goodman of Kansas City, Mo.; a daughter, Mrs. Joseph (Betty) Hill, St. Louis County; two sisters, Helen Ford, of Burland, Ore., and Kathleen Jones, St. Louis; four grandchildren and seven great-grandchildren.

Visitation will begin at 4 p.m. Sunday at Mercer Mortuary, 1416 Niedringhaus Ave., where 11 a.m. services will be held Monday. Burial will be at Sunset Hill Cemetery, Edwardsville. Memorials are requested for the Arthritis Foundation.

## Stengel

Irene A. Stengel, 67, of 112 Abbott St., Venice, died at 6:02 p.m. Thursday, Aug. 20, 1987, at St. Elizabeth Medical Center.

She was born in Illinois and was a lifelong resident of Venice. Mrs. Stengel was of the Baptist faith.

Survivors include her husband, Raymond E. Stengel; one son, Lynn A. Nash of Brighton, a daughter, Yolanda K. Stengel, Venice; two brothers, Raymond Vaughn, High Ridge, Mo., and Darrell Vaughn, Granite City; three sisters, Helen Ortolan, Granite City, Roma Ballard, Hopewell, Va., and Virginia Lee Moore, Marion, Ill.; two grandchildren and three great-grandchildren.

Visitation will be from 6 to 9 p.m. Sunday at Davis Funeral Home, 21st Street and Cleveland Boulevard, where services will be held at 10 a.m. Monday. Burial will be at Sunset Hill Cemetery, Edwardsville.

## Pontoon

(Continued from Page 1)  
**Care unit proposed for Pontoon Beach**

Construction at the Collinsville site was received despite the objections, the developer said. Construction of a nursing home in the Chouteau Trace development area is planned and the home care facility will be located nearby, Lucas said.

Proximity of the two structures at a convenient location also prompted him to move the health care facility plans to Pontoon Beach, Lucas said.

A state certificate of need required for the Illinois Health Facilities Planning Act has been secured.

Construction of the facility in

Pontoon Beach is not guaranteed and is contingent on the state's approval of the change in site, Lucas said.

A decision from the state is expected in mid-September, he said.

"We have talked with several people and found there is a need for this type of facility in this area," Lucas said. "It would be a benefit to the entire community, he added.

Similar facilities are located in Alton, Troy, Edwardsville, Wood River and Springfield.

At the Aug. 4 hearing, Jerry R. Neal, vice president of development for Convalescent Management Associates Inc., said his company will operate the supervised care facility for the owner, F.I.L. Health Care Inc.

The class will meet at the Going Strong Wellness Center, 22nd and low streets, Granite City, on Tuesday and Thursday, from 8 p.m. to 9 p.m., and on Saturday, from 10 a.m. to 11 a.m., Sept. 1 through Oct. 24. Cost is \$30.

Low Impact Aerobics is an exercise program for people desiring moderate to high levels of exercise. Depending on the individual, 50 to 75 percent of one's maximum heart rate can be attained.

This class offers an easy-to-follow aerobics program including warm-up, aerobics, toning and muscle strengthening.

"It is especially good for people who desire a total body aerobic workout, but who have problems with impact injuries," said Chiappe. This class will meet on Mondays and Wednesdays, Aug. 31 through Oct. 21, from 6:30 p.m. to 7:30 p.m. Cost is \$24.

For more information or to register, the Wellness Center can be contacted at 798-3100.

**Shoney's**  
(Continued from Page 1)  
**Shoney's puts off plans for restaurant**

31. Cruse said the city should know by then whether the company is serious about building a restaurant.

"If we don't do this by Aug. 31, they could walk away from the whole deal," Cruse said. He said there was no indication that Shoney's would not buy the land and build a restaurant, he added.

The letter from Shoney's indicated that the company needed to sell part of the land in order to make the development financially feasible.

"We will be spending \$353,000 to purchase the property," Cruse said. "In order to carry this investment over the next two years, it will be necessary to reduce our basis by selling off a portion of our land."

Ben Kenner, real estate manager for Shoney's, said the letter also stated that a month of unspecified period of time had been placed on the building of new Shoney's restaurants in the St. Louis area.

Selling the land, Shoney's will mean there will be about 46 fewer parking spaces at the 40-acre site.

Orbals said he had always felt that it was "strange" that more parking was needed than was needed and that Shoney's had not brought in engineering plans before the time the Plan Commission recommended the zoning change and the City Council passed the law.

He also said Shoney's never presented plans that included a second business on the site.

The city won't be pressured into allowing a Jiffy Lube at the site, though the closing date is only about a week away and the business would be allowed under the rezoning, Orbals said.

He said the city will take as much time as it needs to study the impact of the proposed business.

Cruse said he realized that some residents near the proposed Shoney's and Jiffy Lube may be angry about the Jiffy Lube plan.

"I feel real bad about this. I know how the people are going to feel and I don't want to blame them," Cruse said.

Cruse said Shoney's actions will make it more difficult to get residents to support future development plans.

"We need to make it that much more difficult next time. The town doesn't have a lot of faith in developers," he said.

Cruse said a letter to Shoney's headquarters in Tennessee condemning the company's recent actions in the letter. Cruse reminded the company that he spoke up for the proposed development, despite making some constituents angry.

"All we wanted was a restaurant," said Orbals.

## Police

(Continued from Page 1)  
**No further action from police review**

Attorney Dick Allen on July 24, 1987, which pertain to several officers of the Granite City Police Department, we have conducted an intensive internal investigation under my direct supervision and have concluded with the following findings:

1. ALLEGATION (as stated): During opening testimony, both on May 29 and June 17, several officers stated they had been drinking for approximately 12 hours. These officers admittedly frequented three different taverns and were driving an unmarked Granite City Police car on April 17.

ANSWER: All the officers were off-duty. The unit in question was not used during the entire 12-hour period. The unit was a 10-year-old confiscated vehicle.

"The four officers were disciplined by retired Chief Bill Harris and said discipline made part of their record. I have since issued orders that no police vehicle will be used for such purposes, along with other guidelines."

2. ALLEGATION: During open testimony, police officers requested a cocktail waitress to deliver to David Partney a drink and a cigarette three times that night. Under oath, this officer stated that his behavior constituted a misdemeanor.

ANSWER: This officer's conduct was noted. The officer was disciplined by Chief Harris and said discipline made a permanent part of his record.

3. ALLEGATION: Transcript of the probable cause hearing and the actual trial concerning the DUI arrest of David Partney show clearly that officers involved committed perjury when DUI transcript is completed, we will present it to you as soon as possible.

ANSWER: Although I have asked, I have never received a copy of the transcript. However, this would be within the realm of the Judiciary, the defense counsel, and the state's attorney's office. Nothing could be substantiated about the officers, other than one named had been to the address on several occasions answering calls.

"If anything existed on this charge, it was lost through publicity. This is a serious matter and I refused to investigate this particular charge."

11. ALLEGATION: Gambling, bets up to \$500 being placed on games of baseball, football, basketball and horse racing.

ANSWER: This has already been answered in No. 1.

6. ALLEGATION: On June 18, a Granite City Police officer was seen drinking with the chief (Harris) and the assistant to the mayor for several hours in a local establishment. This officer later went home and changed into his uniform, so that he could begin his shift on that same date.

ANSWER: This involved one police officer who had stopped with his wife at two local establishments. We devoted 17 hours of investigation with numerous interviews conducted, and found no evidence indicating that this officer drank excessively on this particular evening.

"Ranking officers interviewed state that this officer DID NOT report to duty on the 11-17 watch in an intoxicated condition."

7. The next two allegations concern themselves with drinking at the station and on duty by one officer.

ANSWER: "Appropriate action has been taken and the condition has been corrected."

8. ALLEGATION: Sexual misconduct and sexual harassment by an officer.

ANSWER: Due to the sensitive nature of this allegation, I cannot comment any further, but appropriate action was taken which was agreeable to all parties involved.

9. ALLEGATION: On June 23, four officers were named who were suspected of illegal drug use.

ANSWER: It is impossible to sustain this charge, since it was allegedly given by an anonymous caller. We receive numerous calls of this nature every week concerning officers.

"We presently have no drug testing policy, but we are looking into the possibility of drug testing that is required by the federal courts. One must realize that drug testing comes under the 4th Amendment (rights of parties to searches and seizures) and probable cause, and reasonable grounds must exist. Anonymous calls and hearsay do not fall into this category."

10. ALLEGATION: Two officers named who were at a home where illegal drugs were transported and distributed from.

ANSWER: Numerous hours of investigation with numerous interviews and interrogations were conducted reference this charge.

The best we can determine is that this information originated with mere suspicion and hearsay. Nothing could be substantiated about the officers, other than one named had been to the address on several occasions answering calls.

"If anything existed on this charge, it was lost through publicity. This is a serious matter and I refused to investigate this particular charge."

11. ALLEGATION: Gambling, bets up to \$500 being placed on games of baseball, football, basketball and horse racing.

ANSWER: This has already been answered in No. 1.

6. ALLEGATION: On June 18, a Granite City Police officer was seen drinking with the chief (Harris) and the assistant to the mayor for several hours in a local establishment. This officer later went home and changed into his uniform, so that he could begin his shift on that same date.

ANSWER: This involved one police officer who had stopped with his wife at two local establishments. We devoted 17 hours of investigation with numerous interviews conducted, and found no evidence indicating that this officer drank excessively on this particular evening.

"Ranking officers interviewed state that this officer DID NOT report to duty on the 11-17 watch in an intoxicated condition."

7. The next two allegations concern themselves with drinking at the station and on duty by one officer.

ANSWER: "Appropriate action has been taken and the condition has been corrected."

8. ALLEGATION: Sexual misconduct and sexual harassment by an officer.

ANSWER: Due to the sensitive nature of this allegation, I cannot comment any further, but appropriate action was taken which was agreeable to all parties involved.

9. ALLEGATION: On June 23, four officers were named who were suspected of illegal drug use.

ANSWER: It is impossible to sustain this charge, since it was allegedly given by an anonymous caller. We receive numerous calls of this nature every week concerning officers.

"We presently have no drug testing policy, but we are looking into the possibility of drug testing that is required by the federal courts. # Police, court news

## Motorist leads police on wild chase

A 24-year-old Cottage Hills man led police on a chase up Illinois 3 from McKinley Bridge to Wood River Aug. 17, leaving three hit-and-run accidents in his wake.

Police said Dan J. Powell of 918 Haven Ave. was held in the Wood River jail on charges of driving under the influence, driving while his driver's license is revoked and running a stop sign. Hartford police charged him with leaving the scene of an accident with injuries.

Powell had been charged with DUI and other traffic charges in Bethalto Aug. 14 and was free on bond at the time of the Aug. 17 incident.

It began before 5 p.m. on McKinley Bridge when Powell's pickup truck reportedly rear-ended a car driven by Michael K. Church, 39, of Roxana.

Despite the collision, reports said, Powell continued on and when he stopped at the toll gates

on the Venice side of the bridge, Church tried unsuccessfully to get someone to call police.

Church continued following Powell north on Illinois 3.

"When I got to the Army Depot entrance (in Granite City), I stopped and asked them to call the sheriff's department," Church said. "Then I continued following him again."

As Powell drove north approaching Chain of Rocks Road, he collided with a car, causing a chain reaction involving two other cars, Church said.

"I stopped and a young woman was complaining of a neck injury," Church said. "Powell also stopped there but then continued on again."

There were no serious injuries.

Police said that as Powell continued north on 3, he struck another northbound car at Rand Avenue in Hartford driven by Teresa L. Miller, 25, of Wood

River. Powell again continued on without stopping, police said.

When Powell pulled into a gasoline station in Hartford adjacent to the highway, Church also pulled in, and called police.

Hartford officer Jim Riley arrived but Powell was gone, back on 3 heading north.

Riley spotted Powell turning into the Amoco plant in Wood River and notified Wood River police, who intercepted Powell in the 100 block of Old St. Louis Road.

When Powell got out of his truck "he nearly fell," said arresting officer Rocky Goodman. "He had to grab the open door of his truck for support."

In the earlier Bethalto arrest, Powell was charged with DUI, driving while his driver's license is revoked and an expired registration. He was released after posting \$302 bail on those charges.

## Hit-and-run driver hurts two, damages 3 vehicles

A hit-and-run driver's auto injured another driver and a passenger and damaged three vehicles at 5:22 p.m. Aug. 13 at Nameoki Road and Ridgedale Avenue.

Angela M. Holly, 21, of Kirkpatrick Homes, said a light green Oldsmobile had been attempting to force her car from the road for about five blocks before intentionally hitting her car, which was going north on Nameoki, and pushing it into two other cars.

Holly was listed in good condition at St. Elizabeth Medical Center on Friday. Her passenger, Melissa K. Clark, 25, of

3502 Kirkpatrick Homes, was treated and released.

The driver said her car was in the outside lane when it was struck and forced against the parked car of Jack Hoppe, 2901 Kirkpatrick, which was knocked against the parked car of Betty Uhl, 2903 Kirkpatrick. The cars were in Kozak's lot in the 2800 block of Nameoki Road.

Damage to the three cars was estimated at more than \$250 each.

Neither Holly nor Clark knew the hit-and-run driver or recognized the car.

## Granite City police

### Man struck by vehicle

Richard A. Rehms, 21, of 1556 Johnson Road, sustained a minor injury at 1 a.m. Aug. 15 when struck by a car while he was standing on the rear parking lot at 1533 Johnson Road. The driver left the scene and Rehms went to St. Elizabeth Medical Center for treatment.

Jasper J. Glaspie, 17, of 2558 Parkway Drive, later reported being the driver. He was charged with failure to give aid or information.

### Radar detector taken

A passenger window was broken and a radar detector, valued at \$100, and an ashtray and knife were taken from the car of Donald Wright of Collinsville. The burglary occurred sometime Aug. 7 or 8 while the car was parked in the 16th Street parking lot of Granite City Steel.

### Charged with forgery

Kirkpatrick Homes, was charged with two counts of forgery Aug. 12. He was arrested at Madison County Federal Savings and Loan, 3600 Nameoki Road, after he allegedly tried to cash a stolen check.

### Maroon '78 Dodge gone

A maroon 1978 Dodge Diplomat with a damaged ignition, windshield and headlight was stolen from the home of Janice Beavin, 1800 State St., she reported at 3:30 a.m. Aug. 15.

### Car stolen on Nameoki

A blue 1985 Plymouth Reliant was stolen from a parking lot in the 3600 block of Nameoki Road between 3 and 4 p.m. Aug. 17. Annette Robinson, of Pine Bluff, Ark., reported she was shopping when the theft occurred. She and her husband were in the area to visit friends.

### Car burglary no picnic

A burglar entered a car owned by Wayne Peterson, 4115 Melrose Ave., and took a wallet, containing \$175 and personal papers; a purse, with \$60 to \$80; a cooler; picnic gear; swimming suits; a tire and jack; floor mats; and a temporary car registration. The car had been parked in the driveway on Aug. 17 after the family had returned from a trip to Carlyle Lake.

### Two face obstruction, resisting arrest charges

Driver James R. Keils, 19, of 2614 Missouri Ave., and Melinda G. Brown, 19, of Madison, were both charged with obstructing a police officer, resisting arrest and illegal transportation of alcohol, and Brown was also charged with aggravated battery, following a traffic stop at 10:49 p.m. Aug. 15.

Keils was stopped in the 1700 block of Madison Avenue after a patrolman allegedly saw a passenger place something under a car seat. After he was stopped, Keils

allegedly gave a different name and attempted to hit the patrolman, who had summoned assistance.

Brown and another woman then yelled at the officer arresting Keils and Brown allegedly hit a patrolman in the face with her fist, knocking off his eyeglasses. She allegedly pushed, kicked and struck the patrolman several times during her arrest. The other passenger was released at the scene.

A bottle of whiskey allegedly was found in the car. Keils was released on \$200 cash bail, and Brown was released on \$350 cash bail.

### TV, VCR, go-cart taken

A burglar took about \$2,670 in yard and electronic equipment from the storage shed of Roy Goforth, 2231 E. 23rd St., on Aug. 17. Goforth reported the burglar cut off a padlock to take a lawn mower, color television, video cassette recorder, two cases of beer and a footlocker, containing power and hand tools.

A go-cart chained to his rear porch was also taken. The cart was later found without its engine in an alley in the 2400 block of East 23rd Street.

DON JOHNSTON stands next to a new car at his dealership, located at 19th Street and Grand Avenue.

## Don Johnston new kid on block

By Bill Bagby  
Staff writer

GRANITE CITY — Don Johnston has taken another step in his long career with the Chrysler Corporation.

On June 25, Johnston became owner of the Chrysler/Dodge dealership, located at 19th Street and Grand Avenue.

Formerly called Granite Chrysler/Plymouth Inc., the business is now called Don Johnston Chrysler/Dodge Inc. Johnston offers a full line of Chrysler, Dodge and Plymouth automobiles and Dodge trucks.

Johnston began working for

Chrysler on his 18th birthday on Oct. 24, 1952, starting as a part-time salesman at an East St. Louis dealership, he said.

Before coming to Granite City, Johnston was general manager of Dave Croft Chrysler/Dodge Inc. in Collinsville.

Since taking over the local business, Johnston has added a used car building and is expanding his showroom, he said.

"It should be one of the biggest showrooms in the area," Johnston said.

He said he's seen several changes in the car dealership business since he started with Chrysler almost 35 years ago.

Auto buyers are smarter, competition is stiffer and people demand excellent service, Johnston said.

His sales staff has combined experience of 150 years with Chrysler, a fact he calls "fantastic." His son and son-in-law are employed at the dealership, he said.

"We feel we've got some good people and all of them are from the area," he said. "I think everybody we've got takes pride in what they do."

Besides selling cars and trucks, Johnston also offers automobile service, he said.

### Law defines carnivals

A new state law, House Bill 228, amends the Carnival and Amusement Rides Safety Act by extending the definition of the term "carnival" to include any enterprise which features one or more amusement attractions or rides. Signed Aug. 14, the bill takes effect Jan. 1, 1988.

## At times, everyone needs Some EDUCATION

Chemical dependency is a chronic, progressive illness that may be affecting someone you love. If you feel alone and helpless and you want to know more about the disease that is slowly destroying a close friend or family member, come to any of the Edgewood/Edwardsville's drug and alcohol education programs.

### At these programs you will learn:

1. The definition and nature of drug and chemical dependency.
2. How to recognize the symptoms of chemical dependency.
3. Why alcoholism is a family disease.
4. The effects chemical dependency has on children.
5. Intervention and how it works.
6. The recovery process.

The programs include a question-and-answer session and are held every Tuesday evening in the Edgewood Auditorium, and are free as a service to the community. Please, don't wait any longer. Come and learn about the disease that is affecting your loved one, and how you can start them on their road to recovery.

## New Drury Inn opens in area

A new Drury Inn motel at Illinois 157 and Interstates 55/70 held its grand opening with a ribbon-cutting ceremony in the indoor swimming pool area.

Participants included Charles L. Drury Sr., a founder of the company and owner of the motel; Charles L. Drury Jr., president of Drury Inns Inc.; Gregg H. Morton, regional manager; and Jeff Brownings, general manager of the motel.

A reception and tours of the motel were offered. Many officials and business people were present.

The new motel has a four-story atrium lobby and contains 123 guestrooms with king-size or double beds. Special rooms are available for handicapped guests, for non-smokers and for meeting functions.

Free Quikstart breakfast is served daily to guests and a Bob Evans Restaurant is adjacent to the motel.

With single occupancy rates in the \$40 range, the Drury Inn seeks to offer travelers an alternative to higher-priced, full-service hotels.

Drury Inns Inc., a Missouri-based corporation, operates 50 motels in 11 states, including eight in the St. Louis metropolitan area.

This motel is the second facility owned and operated by the Drury Inn chain in Collinsville. The building which previously carried the Drury Inn name has been converted to a Thrifty Inn.

Michael Bennett and Julie Jackson  
**Jackson-Bennett**

Julie Luann Jackson, granddaughter of Luther and Elsie Miller of O'Fallon, Ill., and Michael C. Bennett, son of Charles and Norma Bennett of Granite City, have announced their engagement and forthcoming marriage.

Jackson is a 1983 graduate of O'Fallon Township High School and a 1985 graduate of Trans

World Air Line Travel College in Kansas City, Mo.

Her fiancé is a 1980 graduate of Granite City High School. He is employed by Hydrex Air of Creve Coeur, as an engineering programmer.

The couple is planning a Feb. 13 wedding at First United Methodist Church in O'Fallon.

William Simpson and Elizabeth Gaither  
**Gaither-Simpson**

Mr. and Mrs. Robert C. Gaither of Taylorville, Ill., announce the engagement of their daughter, Elizabeth Anne, to William

R. Simpson, son of Mr. and Mrs. William Simpson of Granite City. The couple will be married Oct. 10 in Springfield.

Mr. and Mrs. Fred Herschbach

## Herschbach-Hardin

Catherine Lux Hardin of Corpus Christi, Texas, and Fred J. Herschbach, of Collinsville, were married Aug. 1 by John A. Cox, justice of the peace, in Corpus Christi.

Also attending was Mrs. Robert (Bernice) Skinner of Granite City.

Witnesses were Larry Hersch-

bach of Corpus Christi, the bride's son, and William F. Herschbach of Collinsville, the groom's son.

Mr. and Mrs. James Eads

## Eads-Felchlin

Janine Dawn Felchlin and James Bryan Eads were married July 25 at Gordon Moore Park, Nan Eliot Rose Garden, in Alton, by the Rev. John Robertson, an uncle of the bride.

The bride is the daughter of Mr. and Mrs. David (Janice Robertson) Felchlin of Edwardsville, and the groom is the son of Geraldine (Barry) Segobiana and Paul A. Eads of Granite City.

The maid of honor was Missy Roy. Bridesmaids were Monica Barry, a cousin of the groom; Paula Felchlin, a cousin of the bride; Lori Kreuter; Jennifer Short; and Michelle Short. The best man was Scott Hasse. Groomsman were Paul Alexander, a brother of the

groom; Steven Fedora, a cousin of the groom; David Felchlin, a brother of the bride; Charles Luehmann; and Vincent Saggio. The flower girl was Kerri Felchlin, a sister of the bride, and the ringbearer was Richie Heferman.

Usher was Paul Alexander.

A reception was held at Englebert Hall in Madison. After a wedding trip to Missouri, the couple moved to San Diego.

The bride is a 1987 graduate of Edwardsville High School. The groom is a 1984 graduate of Granite City Senior High School. He is serving with the U.S. Navy as a petty officer third class aboard the U.S.S. Belleau Wood, stationed in San Diego.

Mr. and Mrs. David Burrier

## Burrier-Davis

Susan Kathleen Davis, Cocoa, Fla., and David K. Burrier, Merritt Island, Fla., were united in marriage June 27 at First United Methodist Church in Cocoa Beach.

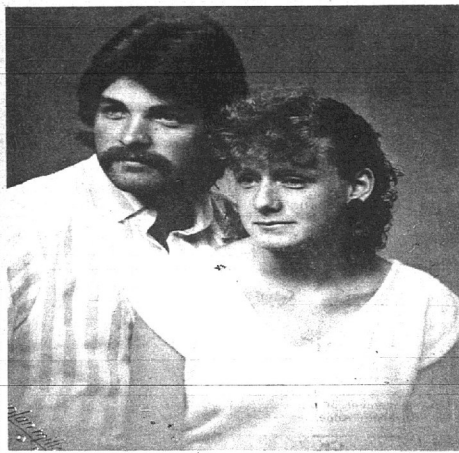

The bride is the daughter of Gloria L. Davis, Granite City, and the late Alford H. Davis. The bridesmaid is the son of Mr. and Mrs. James D. Burrier, Orlando, Fla.

Both are employed as teachers in Brevard County School Sys-

tem, Brevard County, Fla. Attendants for the bride were her sisters, Patricia Muhl, matron of honor, and Lori Davis, maid of honor.

Dolan Torres, was best man, and Ken Ritter, groomsman. Phil Muhl, brother-in-law of the bride, and Ron Kistler served as ushers.

After a wedding trip to the Bahamas, the couple is living in Cocoa.

Larry Mahurin and Michelle Vernoy

## Vernoy-Mahurin

Michelle Lynn Vernoy, daughter of Louis and Ruth Vernoy of Granite City, and Larry James Mahurin, son of James and Izella Mahurin of Bloomsdale, Mo., have announced their engagement and forthcoming marriage.

Vernoy is a 1987 graduate of Granite City High School. He is employed by McDonald's restaurant, 1525 Johnson Road, as a customer service representative.

## Party honors Price twins

Mr. and Mrs. Mark Price hosted the first birthday of their twin children, Kyle and Kacie.

The cake was decorated with clowns and balloons were used about the room.

Gifts were opened and ice cream and cake was served to Mr. and Mrs. Ed Coulson, June Becker, grandparents, Mr. and Mrs. Araceline Lombardi, great-grandparents, Mary Kristian, Mr. and Mrs. George Barker Sr., Mr. and Mrs. George Barker Jr. and children, Amy, Samantha, Jason, Ashley and George III, Becki Ritter and daughter, Britani, Diane Duncan and daughter, Mandy, Mr. and Mrs. Becker, and son, Joey, Liz Nardike, Edward Barker, Steve Melvin, Bob Mann, Michael, Tom and David Becker, and Debbie Whit.

Mahurin is a 1982 graduate of St. Genevieve High School. He is employed by Forum West Condominiums of Chesterfield.

The couple is planning a Sept. 26 wedding at the gazebo at Granite City Wilson Park.

## Mr. and Mrs. Beide name son Samuel

Mr. and Mrs. Bruce (Gina) Beide of Holts Summit, Mo., announce the birth of their first child, a boy, on Aug. 5.

The new arrival has been named Samuel Louis. Grandparents are Mr. and Mrs. Robert (Erma) Beide of Granite City, and Mr. and Mrs. Ray (Dolly) Sugos of Chicago.

RESERVATIONS FOR MORE THAN 6 ADVISED

**We're Sorry**  
In this Sunday's Back to School Sale circular, we advertised ladies plus sizes 38-44 convertible collar sweaters in sherberts on sale for 13.99, reg. 18.99 on page 6. Due to manufacturer's inability to ship, they will not be available. We will substitute ladies plus size self jacquard sweaters on sale for 12.99, reg. 18.99. Rainchecks will be issued.  
Also in this circular, we advertised ladies plus size Gitanos jeans on sale for 15.99 on page 10. Due to a printing error the regular price of 26.99 is wrong. It should read reg. 25.99.  
In this same circular, we advertised mens Marzattani washed sportshirts on sale for 10.99, reg. 14.99 on page 10. Due to manufacturer's inability to ship, the solid color shirts will not be available. We will have the striped shirts. Rainchecks will be issued.  
We regret any inconvenience this may cause you.

Plodding through  
August's dog days

I was always warned about the dog days of August. I'm not referring to the major league baseball season, of which the dog days are a famous part. I'm referring to the hometown newspaper business — sports in particular.

The lazy days of summer can make it difficult for local papers. With the schools on vacation and the clubs not meeting, the news section doesn't always get as much copy coming in as it does the rest of the year. But with American Legion baseball, swimming and the rest, we're not in bad shape over in sports.

Until August. Once Paddlers wraps up another SWISA title and the summer baseball season ends — usually around Aug. 1 — it's time to run for cover. There's about a three-week span in the month when local sports news is a little harder to come by.

That period is coming to an end and I don't think we have done too badly this year. Previews of the fall sports teams will begin appearing later this week and the games begin next week.

In the meantime, we are welcoming anything that can fill the paper. In particular, baseball and softball teams that have finished successful seasons are welcome to bring in a team photo to recognize their accomplishments. That would include league champions from the Granite City Park District leagues.

I remember being a journalism student at the University of Illinois, and the words of a wise instructor come back clear to me. When talking about being on the sports staff for a hometown newspaper, he warned that the only time one has to scrape for news is mid-August.

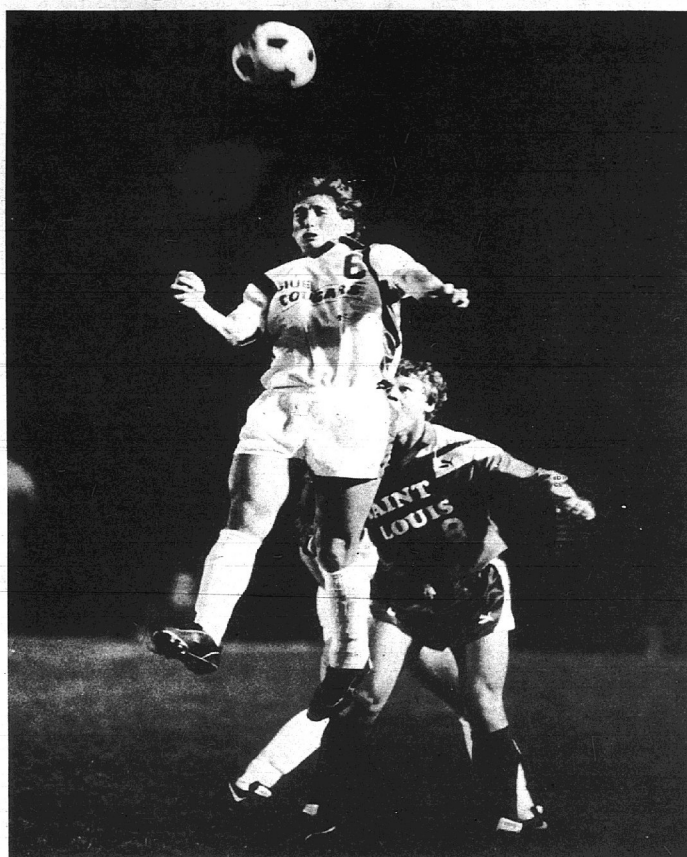

He was right, but the good thing about it is I'm not going out every night to cover a game. I can almost live a normal life this time of year. I work days and go home in the evenings. I didn't know anyone lived like that.

I really have enjoyed these past few weeks of relative inactivity. But in another week, things will get busy again and I'll be on the move.

Until next August.

# Cougars ready to put youth to test

## 15 freshmen dot roster in Huneke's 2nd year

JIM APPELBAUM is one of only four seniors on the Cougar soccer roster this fall. Appelbaum is a forward from Vianney High School in St. Louis. (SIUE photo by Bill Brinson)

EDWARDSVILLE — Most coaches on the verge of facing one of the toughest schedules in the NCAA with a 27-man roster that includes 15 freshmen and five sophomores would be yelling "Wait 'til next year."

But for SIUE soccer mentor Ed Huneke, who spent 11 years watching half his roster change every year at Lewis and Clark Community College, the opening of the 1987 season presents nothing more than the natural concerns of every coach driving to reach the NCAA Division I tournament.

"I feel good about this season," said Huneke, starting his second year at SIUE. "Sure we're young, but we had a good recruiting year. After 11 years on the junior college level, I don't fear the new faces in camp. My only question is how quickly the newcomers will adjust to the up-tempo and more physical college game."

If that the newcomers need is examples, the 1987 Cougars feature several veterans. Included are seniors Jim Appelbaum, who started 12 of the Cougars' 18 games and led the squad with seven assists, and C.F. Boyer, who worked his way into the starting lineup 16 times. Experience will also come from 1986 spot starters Jim Jackson (8 goals, 4 assists), Jayme Sadl (nine points in 17 games as a freshman) and James Hennessey, who worked his way into 13 games last season.

While the established stars of the last four years — Steve Trittschuh, John Stone, Carl Hausmann, John Gates and Mike England — have graduated, freshmen like Jim Nischbach, Steve Hausmann, Tom Mikes and Tony DeFilippis may find themselves thrown into the heat of the games.

What may be the strength of the Cougars — the forward line — could feature an outstanding combination of power and creativity. Jim Jackson of Vianney, the senior whose 20 points last year make him the leading scorer among returning lettermen, is expected to provide the power in the middle of the front line.

The perfect complement to Jackson's power is the finesse and ballhandling abilities of Jim Appelbaum of Vianney. While capable of scoring, Appelbaum's strength is passing. He passed his way to a team-high seven assists in 1986 to run his three-

Ed Huneke

### Schedule

8/24 *Eastern Illinois	8 p.m.
8/27 *Iowa National Team	8 p.m.
8/29 *ALUMNI GAME	7 p.m.
9/4 Memphis State	7:30 p.m.
9/6 NORTHWESTERN	2 p.m.
9/9 Marquette	4 p.m.
9/12 TULSA	7:30 p.m.
9/16 Missouri St. Louis	7:30 p.m.
9/18 WISCONSIN-MADISON	7:30 p.m.
9/20 MICHIGAN STATE	2 p.m.
9/23 EVANSVILLE	7:30 p.m.
9/26 Sunblazer Tournament at Miami	
California-Berkeley	1 p.m.
9/27 Southern Cup at Macomb	1 p.m.
North Carolina-Charlotte	2 p.m.
9/28 Sunblazer Cup	2 p.m.
9/30 Governor's Cup	2 p.m.
Championship game	2 p.m.
10/4 Quincey College	7:30 p.m.
10/7 Quincey College	7:30 p.m.
10/10 Illinois State	2 p.m.
10/16 Indiana	2 p.m.
10/23 SMU	7:30 p.m.
10/25 NORTH TEXAS ST.	7:30 p.m.
10/30 Brother Beal (St. Louis U.)	7:30 p.m.
11/4 MACMURRAY	7:30 p.m.
11/7 WISCONSIN-MILWAUKEE	2 p.m.
11/7 Freese exhibition game	
Home games in ALL CAPS.	

year total to 10. The third member of the front line, Jim Nischbach, joins the Cougars after earning Player of the Year honors in North St. Louis County and posting a state-high 22 goals and 13 assists last year. Another newcomer, Jerry Deters, who could see action as a midfielder, adds more speed to the team.

With just one exception, the Cougar lineup at midfield is wide open. Jayme Sadl, who collected three goals and three assists last year while playing both midfield and forward, appears to be the anchor in the middle of the transition game.

(See COUGARS, Page 8B)

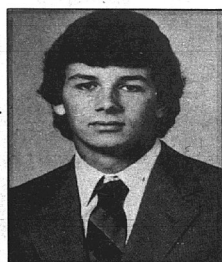

## Weeks starts second year as Tennessee Tech kicker

Ryan Weeks of Granite City will be among more than 90 players on hand when Tennessee Tech football coach Jim Ruggins assembles the Golden Eagles for the first day of practice on Monday.

Weeks, a sophomore, returns this fall to handle all of Tech's placekicking chores. He led the team in scoring last year with 34 points. Weeks was 7 of 8 in extra point attempts and 9 of 12 in field goal attempts.

Weeks had an early streak of five straight successful field goals and has a current streak of four straight. His longest field goal was a 42-yarder against Tennessee-Chattanooga in the opening game of the year. Ryan had two field goals in a game on four occasions against Georgia Southern, Youngstown State, Akron and Austin Peay. He was named Tech's Offensive Player of the Week after the Youngstown State game.

As a kicker for the Warriors, Ryan was an honorable mention all-area player as a junior. As a senior, he was named all-conference, All-East District by the *Sig*.

Ryan Weeks

Louis Post-Dispatch and all-area by the *Journal*. He had a 47-yard field goal in his senior year against Tennessee Tech. Ryan is the son of Jerry and Sonnet Weeks of Granite City. He is majoring in mechanical engineering.

## Steele's to play in Belleville

Steele Sports Softball Team from Grafton, Ohio, the No. 1 slow-pitch team in the country, will play this Wednesday at St. Clair Park in Belleville.

Steele will play a double-header against the winner of the St. Clair Park Ground Crew and the St. Clair Park All Stars, and the second game will be against the Budweiser Cutters of Belleville. The first game between the Ground Crew and the All Stars will start at 6:30 p.m., with the second and third games scheduled to start at 8 and 9:30 p.m.

Steele Sports has compiled a season record of 255-11, averaging 37.3 runs per game and 18.7 home runs per game. The leading slugger is Mike MacIntyre, with a national record of 636 home runs — that's this year alone — and a .752 batting aver-

age. The St. Clair Park All Stars are comprised of players who have played on at least one of the 132 teams involved in league play at St. Clair. The Ground Crew has a 70-24 mark this year, including two tournament wins and three second-place finishes. They recently took fourth in the Illinois Class AA State Tournament in Alton.

Budweiser Cutters recently finished second in the USSSA Class B State Tournament in Champaign and have qualified for the Class B Divisional Tournament in Canton, Mich., on Labor Day weekend.

Tickets for the Steele's event are \$2.50 in advance and \$3 at the gate. For more information, call Mark Barker at 314-831-1392.

## GCHS Booster Club seeking new members

During the 1986-87 school year, the Granite City High School Warrior Booster Club provided funds for several activities and items.

Products of the booster club's work included the sports banquet, repairing the lights in the gymnasium sign, the new "Warrior" Fridges sign, the new "Memorial Gymnasium" sign and the "Home of the Warriors" sign.

The boosters have also provided an ice machine for the athletic training room, a new refrigerator for the concession building and the Juggs machine for the boys and girls soccer teams.

The club has also purchased uniforms and/or jackets for several of the teams. In all, during the past school year the boosters provided more than \$31,000 towards the support of Warrior athletes.

The boosters raise money through concession sales at soccer and baseball games, the annual May barbecue, the Tournament of Champions barbecue, a boosters dance, Warrior jacket sales, T-shirt sales and the annual ad book.

The boosters would like to thank all the businesses, advertisers and volunteers who have so willingly supported the high school athletes and the boosters.

The boosters are still accepting membership applications for this year. Interested persons should contact Pam Bjorkman at 876-1728. Old and new members who would like to become more involved in the organization should call Pam and join all of the other volunteers who make the organization so successful.

The next boosters meeting will be Sept. 15.

## Bantam champs

A.L. WILLIAMS baseball team won the Bantam I championship in the Granite City Park District playoffs last week. They won the title with a 15-2 triumph over the Flood Realty Lazers. Team members are, front row from left, Jeff Puscok, Sonny Aryan, Brian Wortham, Ben Haldeman, Tim Howell and Albie Supp. Second row from left are coach

Larry Reader, Jason Woods, Doug Mills, Cory Kessler, Aaron Heath, Jonathan Reader, Keith Simon and coach Ken Simon. Not pictured is Jason Lombardi. A potluck picnic is planned at Wilson Park at which each player will receive a trophy. The team finished in second place in the regular season.

# Sports briefs

## Clarification

In the outline for the photo of the Schermer's Men's Soft Midget baseball champions in Thursday's edition, it should have noted that the Redbirds were the team to eliminate the first-place Granite City Elks in the playoffs. The Redbirds' head coach was Bill Brown and the final score of the title game was 10-5 for Schermer's.

## Registration set for fall softball

The Granite City Park District has begun organizing the fall softball leagues.

This entry fee of \$150 is being taken until Aug. 23, with resters accepted no later than Sept. 1.

The Men's League will play on Tuesday and Thursday evenings. The Men's D, Bible-header League will play on Saturday afternoons. The Co-Rec League will play on Wednesday and Saturday with an additional league being formed for Mondays and Thursdays.

All leagues should end play

## •Cougars

(Continued from Page 7B)

Freshmen and previously untested lettermen will be asked to fill out the remainder of the starting corps. Huneke will look at redshirted freshman Tom Stone, returner Par Haukeland, and newcomers Steve Hausmann, Bob Garafalo and Bill Murphy.

Stone, brother of former Cougar standout John Stone and a graduate of Alton Marquette, gives Huneke a two-dimensional player who can handle the ball and score. Haukeland, a native of Norway, has seen action in 10 games the past two years. Hausmann joins the Cougars after posting back-to-back all-state seasons at Vianey High School, while Garafalo earned a third-team all-state certificate at Hazelwood Central last year. Murphy gives the Cougars an extra year of experience after spending a year at Florissant Valley Community College. Murphy gained a first-team all-state award at Rosary High School.

While 75 percent of the defensive unit that held the opposition to less than a goal per game last year is gone, including Tritschuh — the backfield should be the most experienced unit on the field. G.P. Boyer of CBC, a three-year starter, returns for his senior season, while Don Henry, who redshirted last year after starting in his first three years, returns to the lineup.

Two other players of last year's 11-2 team also figure to earn a starting berth, Jim Hennessey and Jeff Metherell. Like several other positions, the backfield isn't without newcomers. Tom Mikes joins the Cougars after earning all-state honors at Vianey, and Steve Abele, a

approximately Oct. 30.

For more information, call Wake Barber at the Wilson Park Office (877-9059) or stop in and pick up a flyer with all dates and times for league play.

## Lady bowlers needed for Bowland leagues

Bowland in Granite City is looking for women for teams in the Go Getters League.

Four women per team are needed in the league, which will start play Aug. 23 at 8:30 a.m. For more information, call Bonnie Hunter at 451-9550.

## Jr. High football practice Aug. 25

Junior High football practice at Coolidge and Grigsby will begin on the first day of pupil attendance — Aug. 25. Athletes will pick up equipment and parent permission forms on this date.

Parents are reminded that everyone must have a recent physical exam in order to play football and that the boys should bring proof of their physicals to practice on the first day.

## Here's the pitch

JIM DONOHUE was another ex-major leaguer on hand at Ted Savage's Big League Baseball Clinic in Mitchell Aug. 15. Donohue threw batting practice to more than 100 children.

of 11 shots. He also combined with England and Landmann on four of the shutouts.

DeFilippis joins the Cougars after an all-state season at Deerfield High School, where he posted 11 shutouts and led his team to the conference and regional titles. O'Fallon is the newest kid on the block, but at 6-2, 170 pounds, he has tremendous size and quickness.

Other area players on the Cougar roster include freshman full-back Keith Brooke from Collinsville, freshman forward Tom Fayollat of Edwardsville and freshman midfielder Chris Stoces of Edwardsville.

Huneke's assistant coaches are Brian Korbmeyer, Dale Schilly and Mike Gauvain. The Cougars opened with an exhibition game at home against Sangamon State on Thursday. They have exhibition games against Eastern Illinois and the Irish National team this week before the annual Alumni Game at Bob Guelker Field on Aug. 29 at 7 p.m. The first regular season game is at

Memphis State on Sept. 4. The home opener is Sept. 6 against Northwestern.

Other highlights include the Illinois Governor's Cup in Macomb on Oct. 3-4, games at Quincy on Oct. 7 and Indiana on Oct. 18, plus the annual Bronze Boot game at St. Louis U. Oct. 30.
